Ready to Learn” Program at My Room to Grow Preschool

18 months - 24 months

Our teachers and staff encourage these small, busy people as they investigate their growing world. We encourage self-help and language development.

As your child approaches the age of two and is starting to become more independent, we embrace the rapid pace at which your child is growing and learning.

Our teachers will focus on the following areas when planning activities and working with your child: sitting for short periods of time for both large and small group activities, improving verbal skills, responding to simple directions, progressing with social and self-help skills, exhibiting age-appropriate motor development and mastering toilet-training.

We also foster each child’s self esteem through positive reinforcement and by providing a consistent, structured classroom environment. My Room To Grow believes in both the importance of teaching age-appropriate academics, and providing a loving and nurturing environment for toddlers to explore and learn through play. We guarantee 6 to 1 teacher to child ratios (for children 18 months-24 months).

Program Features

- Daily whole group instruction promotes social skill development
- Balance of nurturing, playtime and learning throughout the day
- Monthly thematic units that provide a variety of daily activities and experiences
- Development of confidence, self-esteem and a love of learning
